Dr. James Zoltan NAKTA

Reference: WMA-21864, 29 June 1956 - sent SS/H 17 July

1. FBI files contain no information on Subject not available to MIB. We note MIB did not refer to WMA-21864 and WMA-21865 in para. 3 of the reference. We also note Subject is of common interest to FBI and MIB in the [ ] and [ ]- [ ] cases. Does para. 4 of the reference refer to either or these cases or is there a new security report?

2. The last address FBI carries for Subject is Nicolai Platz 1/III, Munich which was valid in August 1954.

3. HPSWING files revealed one point of great interest, namely that Subject's true name is Alexander FAMILIK, born 17 December 1921 in Lendok, Slovakia. US- SWING information is based on a report provided recently by an unidentified [ ]- [ ] who claims to have known Subject since childhood. FBI is naturally interested in determining the validity of this information and we are interested in further MIB comments. Is there a possibility that there are two Zoltan NAKTAs active in the Munich intelligence community? Certainly a consolidation of information on Subject is in order.
